Rationale of the Course

Safety and security is one of the most important aspects in tourism and hospitality industry. It represents the mental comfort-ability of the tourists. Actually tourists want to visit and reside secure and safe place. Tourist arrivals dramatically decrease, if any unexpected incident is happened. So ensuring safety and security should be the prime concern. Moreover tourism and hospitality is a labor intensive industry for that reason a good manager should have knowledge about first aid issues to overcome any emergency of the THM executives and tourists. This course will help the students to develop adequate knowledge about first aid, safety and security process in hospitality and tourism industry.

Learning Outcomes:

After completion of this course, students will able to-

- 1. Identify the role of first aid, safety and security in tourism and hospitality industry.
- 2. Overcome the initial challenges, if there is necessity in the destination operation.
- 3. Manage the risk and crisis of tourism and hospitality industry.
- 4. Provide first aid and emergency services.
- **5.** Ensure aviation security.
